

Cup Stacking

How many cups tall is Ms. Decker if the cups are stacked from:

- the floor?
- the top of the lab bench?

Your answer will be done in Desmos, posted to Google Classroom & must include:

- table of values
- scatter plot
- equation / calculations

$$2.5 \text{ cm} = 1''$$

$$12'' = 1'$$

# Cups	Height (cm)
0	0
1	11
2	22
